

YTO140I Interior Mount Perforated Window Film (70%/30% pattern)

Inside mount One Way Vision is a new type window film which is mounted inside of the window. This new one way vision perforated vinyl is without adhesive on the back, but there is glue on the surface. The images are printed on the surface glue. So, it's known as "print on glue".

With this Inside Mount Window Film, image is protected from dust, scratch, sunshine, rain, wear and tear. Due to without adhesive on the back, the Interior mount one way vision perforated vinyl can be pasted and removed repeatedly without leaving any residue on the glass.
